PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Appeal No. 76 of 1911-12.

Appellant	*Vs.*	*Respondent*
Seetharamiah of Kilarlahalli, Pavagada Taluk		Siddappa (deceased), represented by his brother Ugrappa of Ramagiri, Madaksira Taluk.

Subject.

Appeal against the order of the Revenue Commissioner in Mysore declining to cancel the sale of Survey No. 141 of Kannamedi village, Pavagada Taluk, for arrears of revenue.

Facts of the case.

Original Survey Nos. 141 and 136 of Kannamedi village, Pavagada Taluk, are contiguous to each other, the former being a Government land in the khata of one Hanumantha *bin* Rangadasi and the latter a fully assessed shanbhogi service Inam land which is in the khata of the appellant's brother, a shanbhog, but stated to be in the possession of the appellant.

At the time of the original survey in the year 1872-73 a portion of Survey No. 141 measuring 1 acre and 32 guntas was, by mistake, included in the adjoining shanbhogi service inam land, Survey No. 136. This mistake was found out by the classer and it was rectified in the village accounts. But the boundary marks and the village map remained unaltered and the appellant and his shanbhog brother enjoyed 1 acre and 32 guntas in excess of their service inam, while the khatedar of the adjoining Survey No. 141 paid the kandayam on the extent without knowing that this extent was not in his possession.

At the time of Revision Survey during the year 1904-05 this mistake was discovered and this land was made into a separate survey number; but pending the introduction of the revision settlement, the assessment was continued to be levied as before.

The khatedar of Survey No. 141 (Extent 4 acres and 32 guntas, assessment Rs. 23) failed to pay the assessment due on his khata for the year 1905-06 and it was therefore forfeited and put up for sale on the 20th October 1906 at which one Siddappa purchased it for Rs. 200. Both the appellant and his brother were present at the sale and offered to pay the arrears due on the portion of Survey No. 141 which was in their enjoyment but declined to pay up the arrears on the entire survey number.

The Amildar in submitting the records for the confirmation of the sale, reported that as the revision settlement had not yet come into force, the whole of Survey No. 141 including the portion in dispute was under rules forfeited and sold and that there was no irregularity in the sale proceedings.

Thereupon the Assistant Commissioner confirmed the sale on 18th January 1907.

On appeal the Deputy Commissioner on 9th March 1908 upheld the order confirming the sale on the ground that though the appellant was present at the sale, he failed to pay up the arrears on the entire survey number.

The appellant then preferred an appeal to the Revenue Commissioner against this order and this was also dismissed on 22nd February 1910 on the ground that "the appellant himself had admitted that, at the time of sale, the land in dispute formed part of Survey No. 141 which was sold for arrears" and that under the Revenue Rules the sale was regular as he had due notice of it.

The present appeal is against this order.

The case came on for hearing on the 24th September 1912 when the appellant in person and the respondent by his Advocate Mr. C. Krishna Murti were present and heard.

Land (Revenue), dated 25th February 1913.

Decision.

The appellant Seetharamiah has been in possession of 1 acre and 32 guntas which formed part of Survey No. 141 ever since the time of original survey. His possession was not due to any fraudulent act on his part. The classer found out the mistake and made the necessary corrections in the accounts but the boundary marks were not accordingly rectified. The appellant was not responsible for this omission.

The Revenue Commissioner's order is almost wholly based on an admission said to have been made by the appellant " that at the time of the sale, land in dispute formed part of the survey number which was sold." There is no separate record of his admission which is inconsistent with the petition of appeal presented to the Revenue Commissioner. The admission was probably to the effect that the actual area of Survey No. 141 was less than the recorded area. It is admitted that this difference has been in existence for more than 25 years. It is impossible to neglect the facts of adverse possession and enjoyment for such a long period in deciding the case merely on the ground that the appellant has been wrongfully enjoying a larger extent than the holder of Survey No. 136 and the latter paying a larger assessment than the actual extent in his possession required.

If the appellant has been unduly benefited at the expense of the respondent who paid the excess assessment, it is for the latter to make out a case and recover it in a Civil Court. The Survey No. 141, as it stands, has been forfeited and sold and the sale is valid. The question is what passed by the sale whether the 3 acres only actually in the possession of the defaulting khatedar as the full survey number or the full extent as recorded in the Khetwar Register; in other words, is the nominal extent as shown in the register or the actual extent as shown by actual boundary marks in the field, the essential element? The latter is the more important element and should be taken as determining the question.

In the light of the above views, Government are pleased to direct that, in modification of the Revenue Commissioner's order, 1 acre and 32 guntas of land out of Survey No. 141, which under re-survey is formed into a separate number (Survey No. 151), be given to the appellant and proportionate assessment thereon recovered from him and that Ugrappa, brother of Siddappa, who was the purchaser of the land in the sale, be given possession of the remaining piece of land and a proportionate sum of the sale amount be remitted to him.

No. R. 4652-60—L. R. 152-10-6, DATED BANGALORE, 25TH FEBRUARY 1913.

Copy of the above is forwarded to the Revenue Commissioner in Mysore together with the records received with his letter Nos. 10365 and 12015, dated 4th and 19th April 1912 respectively and (2) the Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 6354, dated 6th February 1913, from the Revenue Commissioner in Mysore, submitting a statement showing the losses in cattle of various kinds in the State for the quarter ending 30th September 1912, together with a copy of his review thereon.

The Revenue Commissioner's Review No. 6345-53, dated 6th February 1913.

Recorded.

2. From the accompanying consolidated statement it is found that the total cattle mortality in the State during the quarter ending 30th September 1912, was slightly greater than the mortality in the corresponding quarter of the previous year. It is noteworthy that there was a decrease of more than 3,200 in the mortality due to sickness.

Correspondence ending with letter No. 3175, dated the 22nd October 1912, from the Conservator of Forests in Mysore, in the matter of the revival of the practice of Treasuries being advised of the issue of cheques by Forest officers.

No. R. 4669-78—FT. 25-12-4, DATED BANGALORE, 4TH FEBRUARY 1913.

ORDER THEREON.—Government are of opinion that the old practice of sending advices of cheques issued by Forest officers to the Treasuries concerned, modified by Article 147 of the Forest Code, should be revived as a precaution against vogue cheques and Article 147 of the Code should be altered so as to be in conformity with the provisions of Article 201 of the Treasury Manual. They are therefore pleased to direct that Article 147 be amended as follows :—

For the sentence "No advice of the issue of cheque need be sent to the Treasury" occurring in lines 8 and 9 of Article 147 of the Forest Code, substitute the following "Advice of every cheque issued should be sent direct to the Treasury in the counterfoil intended for the purpose."

The following papers relating to the settlement of the Iduvani Forest Block in the Sagar Taluk :—

I. Letter No. 11158, dated the 4th April 1912, from the Revenue Commissioner in Mysore, submitting the Forest Settlement Officer's report on the conclusion of the settlement of the block.

I have the honor to forward herewith for the orders of Government letter No. 107, dated 4th October 1911, together with the enclosures (in original) from the Forest Settlement Officer in Mysore, received through the Deputy Commissioner, Shimoga District, with his letter No. 263, dated 25th October 1911 (copy enclosed for reference), reporting on the conclusion of the settlement of the Iduvani Forest Block in the Sagar Taluk and to state as follows.

2. The area of the block is 2,458 acres, 13 guntas or 3·84 square miles and it is a strip of the District Forest situated on the right bank of the Sharavati river and is an almost inaccessible region except for the two small cart-tracks and a few foot-paths leading to and from it. The Deputy Commissioner remarks that a reference to the map of the block shows that village sites, cultivated lands and forests are all mixed up in such a way as not to allow of the formation of a State Forest uninterspersed by cultivated lands and village sites within it ; and adds "it is therefore a matter for serious consideration whether the reservation of this block is a desirable step."

3. The block in question affects four villages all of which have been conceded the right of free grazing in the State Forest by the Forest Settlement Officer in view of the fact that the tract is full malnad where grass does not grow on account of heavy rainfall and thick tree growth. Adequate provision, as the Forest Settlement Officer says, has been made in the matter of fuel and leaves for manure to meet the requirements of the raiyats. Fifteen claims were preferred before the Forest Settlement Officer, all of which, except one, were admitted by him, and no appeals were preferred to the Deputy Commissioner against the decisions of the Forest Settlement Officer.

4. The Deputy Commissioner, however, does not favour the block being reserved as a State Forest. Two village sites and a large extent of cultivated lands in the villages of Iduvani, Haravalli and Hebbail have been treated as enclosures, and the Deputy Commissioner says that it is very objectionable as it is sure to lead, in future, to quarrels between the raiyats and the subordinates of the Forest Department. The second objection which the Deputy Commissioner brings forward is that except in the Iduvani village, the areas proposed for reservation are small and that the maintenance of a clear margin around the village sites and cultivated fields treated as enclosures is a very expensive task, the regular performance of which is doubtful. Further in view of the sparseness of population, the large mortality among cattle in this inaccessible region and the small areas available for reservation in three out of the four villages, the Deputy Commissioner opines that no object is gained by reserving the block in question.

5. Under these circumstances and with a view not to have forests near homesteads by which health of the villagers would suffer and trouble on account of wild beasts would increase, I am inclined to agree with the Deputy Commissioner and would not recommend the proposed reservation.

ENCLOSURE 1.

Letter No. 263, dated 25th October 1911, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner in Mysore.

I have the honor to forward herewith the marginally noted papers relating to the settlement of the proposed Iduvani State Forest in the Sagar Taluk, with the following observations.

1. Forest Settlement Officer's letter No. 107, dated 30th September 1911.
2. "B" Register.
3. "C" Register.
4. Draft Notification.
5. Map.
6. Topo tracing.

2. The block proposed to be reserved is situated in an almost inaccessible region to the east of the Sharavati river to which access exist at present by two small cart-tracks and a few foot-paths. A reference to the map of the block shows that village sites, cultivated lands and forests are all mixed up in such a way as not to allow of the formation of a State Forest uninterspersed by cultivated lands and village sites within it. It is therefore a matter for serious consideration whether the reservation of this block is a desirable step.

Proceedings of the Government of His Highness the Maharaja of Mysore,

3. The village sites of Kantota and Honnugudda, and a large extent of cultivated lands in Iduvani, Haravalli and Hebbail villages have been treated as enclosures. This is objectionable, as it is sure to lead in future to petty quarrels between the raiyats and the subordinates of the Forest Department. In fact, in granting the rights of removing "Soppu" for leaf manure to the raiyats of Haravalli which is the largest village affected by the proposed reservation, the Settlement Officer has remarked that not a single bullock cart exists in that village and that on account of sparsity of population there is no fear of denudation of forests by the raiyats in these parts.

4. A reference to the "C" Register shows that except in the Iduvani village, the areas proposed for reservation are small and the annual maintenance of a clear margin around the village sites and cultivated lands treated as enclosures in the Kantota, Haravalli and Hebbail villages is a very expensive task, the regular performance of which is doubtful.

5. Considering the sparsity of population and the large mortality of cattle in this almost inaccessible region and the small areas available for reservation in three of the four villages affected by the proposal, I am of opinion that no object is gained by reserving this block.

6. If reservation is at all necessary, it may be confined to the Iduvani village, the Kantota village and the cultivated portion of Iduvani village being excluded.

ENCLOSURE 2.

II. Letter No. 107, dated the 30th September 1911, from the Forest Settlement Officer in Mysore.

I have the honor to report on the conclusion of the settlement of the Iduvani Forest in the Sagar Taluk of the Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest was published on pages 549 and 550 of the English issue of the *Mysore Gazette*, Part I, dated 10th September 1908, and the proclamation under Section 5 of the said Regulation was issued by my predecessor in office Mr. M. Shama Rao and the same appeared on pages 726 and 727 of the Kannada issue of the *Mysore Gazette*, Part II, dated 27th September 1908. The proclamatory notices were got served on the raiyats of the affected villages, through the Amildar of the Sagar Taluk.

3. I perambulated and inspected the tract in question in company with the Forest Sub-Division Officer Mr. D. Raja Rao and the Amildar Mr. B. Krishna Rao on the 21st March 1911. The area left for the Iduvani village after deducting the area of gomal proposed for inclusion in the State Forest is just sufficient for grazing according to the Rule of 30 acres for 100 head of cattle, while that left for the village of Hebbail is very much below the prescribed limit. Granting for the sake of argument, that the area of gomal left for all these villages, after deducting the extent of such lands proposed to be included within the reserve in question, does not fall short of the prescribed limit for free grazing, I venture to submit that this cannot be considered as a satisfactory arrangement. For, grass does not grow abundantly in the malnad parts owing to the tree growth being very thick. In fact in my perambulations of the block in question I found no grass underneath the trees. It is only in small open patches scattered all over the jungle, that grass can sprout. Owing to the heavy rainfall it cannot be expected to prove as nutritious as grass grown in the maidan, and the maintenance of cattle in the malnad is no ordinary concern. Besides a large margin for casualties among the livestock owned by the raiyats, has to be made on account of the depredation of wild animals infesting the jungles. In these circumstances, I found it necessary to grant the raiyats concerned the right of free grazing within the reserve.

4. As the malnad raiyats entirely depend upon leaf-manure for the cultivation of their sands, adequate provision had to be made for it.

5. The following 15 claims were preferred to me during the enquiry.

(1) Three claims for rights of free grazing

(2) Four claims for rights of way,

and (3) Eight claims for rights not falling under any of the above. All the claims in (1) and (2) were admitted. Of the eight claims in (3) seven were admitted and one rejected.

6. The Deputy Commissioner of the Shimoga District has intimated in his docket No. 413, dated 18th July 1911, that no appeals have been preferred to him against my decision relating to the block in question.

7. The following records are herewith submitted.

(i) 'B' Register,
(ii) 'C' do
(iii) Sketch map,
(iv) Boundary notification,
and (v) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

1	Dyaviah, patel of Iduvani, on behalf of villagers.	21st Mar. 1911	Requests that the raiyats may be allowed to graze their cattle free in the reserve.	.....	Should these concessions be granted there is no necessity of changing the line. They should be exercised within the areas assigned by the Forest Department, so as to close the exploited coups at least for five years against grazing, etc. Subject to the above conditions, the privileges may be granted.	In my perambulations of the block in question, I found no grass underneath the trees. It is only in small open patches scattered all over the jungle, that grass will grow. I, therefore, grant the right of free grazing for 87 heads of horned cattle of the Iduvani village during the prescribed period of the year. (Sd.) As the raiyats of this village entirely depend upon leaf manure for their bagayet and wet lands adequate provision has to be made for it. Out of an extent of 1,654 acres, 1 gunta of kharab land belonging to Iduvani, it is proposed to take away from it 1,494 acres, 5 guntas, leaving for the use of the villagers, about 160 acres. Within the reserve Re-Survey Nos. 3 and 10 which have been assigned to them during the Survey Settlement for soppu, have been proposed to be included. I therefore decide that the raiyats of the Iduvani village be entitled to remove soppu for their bagayet and wet lands and fuel for their domestic use from the unclassified and unreserved kinds of trees to the extent specified in the accompanying statement. In the Iduvani village the demarcation line runs close to village temple and dwelling houses. It will be made to run in a straight line from the north-east gadi bandhs above the *limits* of Survey No. 1 through Re-Survey No 26 and along the southern boundary lines of Re-Survey No. 12, so as to meet the south-west corner bandhs of the said survey number and thence downwards, so as to meet the common bandhs of Iduvani and Haravalli at a distance of 20 chains north-west from the south-east corner of the Iduvani village. 2. The cultivated lands will be treated as enclosures as also lands not included in the statement of lands proposed for inclusion in the forest. 						proposed by the Forest Department. According to it Re-Survey No 1 is said to contain acres 306 and guntas 7. In the Re-Survey this number is altered to Survey No 6 measuring acres 281 and guntas 15. Hence only acres 281 and guntas 15 of this survey number which is assigned as gomal can be included in the proposed reserve After deducting this large extent of land there will remain for the village acres 13 and guntas 17 of occupied and acres 8 and guntas 36 of assessed waste. I therefore, decide that as in the case of Iduvani the raiyats of this village (Kantotal be entitled to remove fuel and soppu from the unreserved and unclassified trees within the reserve in question to the extent specified in the accompanying statement (Appendix A)* 2. As the entire village of Kantotal and its lands are to be taken within the reserve it is necessary to leave a margin all round the village site, the cultivated lands, as well as the two assessed waste survey numbers remaining unoccupied These will be treated as enclosures with a margin of about 5 chains as now marked in the village map (Sd) C VENKATA RAO, Forest Settlement Officer. 22nd March 1911.		
9	Sumbiah, patel of Haravalli on behalf of the raiyats	21st Mar. 1911	States that in the Haravalli village Narayana Devastanam is included in the reserve and that it should be treated as an enclosure with a right of way leading to it from Hebbail.	.....	As a large forest area is available outside the reserve to meet their requirements in Haravalli village, only the right of way may be admitted to the enclosures.	In the Haravalli village Narayana Devastanam near Re Survey No. 26 should be demarcated out free from reservation. The foot path leading from Hebbail may be used as usual by the public throught the year. Width to be 6 feet (Sd) C. VENKATA RAO, Forest Settlement Officer 22nd March 1911.

12	Do ...	Do ...	Begs that the raiyats of this village may be allowed all the rights and privileges they are now enjoying under the Special Privilege Rules of the malnad raiyats after the formation of the State Forest.	.....	The opinion given for Iduvani applies for Haravalli also.	Haravalli is the most populous village out of the 4 villages from which lands have been proposed to be included within the reserve. Re-Survey Nos. 27, 65 and 33 and portion of Re-Survey No. 67 have been proposed to be included within the reserve. In the survey settlement all these survey numbers have been assigned for soppu and gomal. From the village map it will be seen that these survey numbers are close to the cultivated lands of this village As this is a hilly tract, there is considerable difficulty for the raiyats for procuring soppu if they be precluded from removing soppu from trees within the vicinity of their fields. It is ascertained from the village shanbhog that not a single block cart is maintained by the raiyats of this village and this fact is conclusive evidence to show that it is almost impossible for them to convey leaf manure to their lands from places far away from them. Besides, the jungle in these parts appeared to me in my perambulations, as if it had been reserved several years ago and this fact also goes to show that owing to the sparsity of population there is not the danger of the trees being ruthlessly pollarded for the purpose of leaf-manure. I would accordingly decide that the raiyats of Haravalli be entitled to remove soppu and fuel from trees of unreserved and uncla-sified lands to the extent specified in the accompanying statement. Proceedings of the Government of His Highness the Maharaja of Mysore,

III. Letter No. 9570, dated the 25th May 1912, from the Conservator of Forests in Mysore.

Referring to your letter No. R 5872—Ft 138-11-2, dated the 19th April 1912, forwarding the marginally noted papers relating to the settlement of Iduvani Forest Block in the Sagar Taluk, for my remarks, I have the honor to state as follows:—(1) The area of assessed waste under column 6 of the "C" statement for the Iduvani village is put down as 4 acres and 38 guntas. This is apparently wrong, as the area actually taken for the forest from the village is 35 acres and 4 guntas. Consequently, the total area of the village under column 4 of the statement is also incorrect.

(1) Letter No 11188, dated 19th March 1912 from the Revenue Commissioner, to the Secretary, General and Revenue Department
(2) Copy of letter No 264, dated 25th October 1911, from the Deputy Commissioner, Shimoga, to the Revenue Commissioner in Mysore
(3) Letter No. 107, dated 4th October 1911, from the Forest Settlement Officer, to the Revenue Commissioner in Mysore through the Deputy Commissioner, Shimoga District
(4) Register B and C
(5) Map and topo tracing
(6) Draft notification.

(2) Gomal and kharab areas left for the villages and the number of cattle in each village are as follows:—

		Kharab		Gomal		Cattle
		A.	G.	A.	G.	
1. Iduvani	... ...	145	0	24	18	87
2. Kantota	... ...	„		52	0	32
3. Haravalli	... ...	653	13	„		182
4. Hebbal	... ...	261	29	15	24	192

The extent of gomal assigned to the villagers is inadequate, but the Forest Settlement Officer has given them the privilege of free grazing. They have accordingly no objection to the reservation. The reasons urged against it by the Revenue Commissioner on the ground that the health of the people would suffer by it is not borne by experience, especially in the ghats where the existence of dense ever-green forests has been found to be beneficial to health. The Deputy Commissioner opposes it also, but on different grounds to which no value need be attached.

2. The file of papers received with the above are returned herewith.

IV. Correspondence ending with Forest Settlement Officer's letter No. 216, dated the 9th January 1913, regarding a discrepancy in the area of lands taken for the forest.

No. R. 4219-23—Ft. 138-11-8, dated Bangalore, 12th February 1913.

Order thereon.—The reasons put forward by the Deputy Commissioner of the Shimoga District and the Revenue Commissioner against the reservation of this block as State Forest, do not appear to Government to be sufficient to justify the abandonment of the original proposal. The cultivated lands and village sites which have been treated as enclosures, are mostly in compact blocks with sufficient margin all round. The raiyats of the affected villages have been very liberally treated in the matter of procuring their supplies of fuel and leaf manure and they have not appealed against the Settlement Officer's decision.

2. The settlement of the block is, therefore, approved and it will be notified as State Forest with effect from the 15th March 1913.

3. The Deputy Commissioner, Shimoga District, is requested to promulgate the boundaries of the block in the localities in which it is situated.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 3131—300, dated 6th December 1912, from the Comptroller to the Government of His Highness the Maharaja of Mysore submitting the Report on the working of the Government Savings Banks during the year 1911-12, with the prescribed statistical returns*:—

"I have the honour to forward herewith my report on the working of the Government Savings Banks during the year 1911-12, together with the usual returns and statistics.

2. *Annual returns.*—The usefulness of changes made in the system of keeping the accounts of these banks introduced in 1910-11 under the authority of Government Order No. Fl. 2312-21—Gl. F. 361-09-2, dated the 10th November 1910, is proved by the prompter submission and the more accurate compilation of the returns of the year under report than those of any previous years as described below :—

3. The returns of only two treasuries, *viz.*, (1) The Bangalore District Treasury and (2) the Seringapatam Taluk Treasury were received after the appointed time. The delay on the part of the Bangalore District Treasury may be attributed to the heaviness of its transactions, but in the case of the Taluk Treasury at Seringapatam there was no excuse for not submitting its return in time. The Deputy Commissioners concerned have been requested to take effective steps to prevent the recurrence of delay in the case of these treasuries and it is to be hoped that there will not be a single case of belated return in future years. As regards accuracy of compilation also the improvement was marked. Ten statements were free from any error and even in the case of the rest of the statements there were no serious mistakes calling for long correspondence for their rectification. This improvement considerably facilitated the work of this office in verifying and passing the annual accounts and in authorizing payment or adjustment of interest due for the year much earlier than was the case in any year under the old system. One statement was returned before the end of July, 23 before the end of August, *i.e.*, even before the due date fixed for the receipt of these statements and 30 in September, while only 12 had to be kept till October and 2 till November. The average duration between the receipt and return of the statements was approximately 10 days.

A comparison of the facts mentioned in this paragraph with those stated in para 3 of last year's report and the corresponding facts of previous years will give a clear idea of the great success of the new system. It will be seen that this system under which the duplication of Taluk Savings Bank Ledger in the District Treasuries has been abolished, not only saves an enormous amount of clerical work in all districts but has actually resulted in increased promptness and facility of work.

4. *General results.*—It will be seen from Statement No. II appended to this report that the opening balance of Rs. 67,77,086 for the year both under current and dead accounts was augmented by a net increase of Rs. 5,35,177 which raised the closing balance to Rs. 73,12,263. This increase in the closing balance is perceptible in every district except Mysore and is due both to larger deposits and lesser withdrawals than in the previous year. The balance was on the decline in the past four years, while in the year under review there was not only no further falling off but there was a perceptible increase and this re-established upward tendency will be further strengthened by the abrogation of the limit of Savings Bank Deposits recently ordered by Government (*Vide* Notification No. 207—Gl. F., dated 29th October 1912).

5. *Number of accounts.*—There was a net total increase of 567 accounts. The number of new accounts opened was 2,330, of those revived from dead accounts 172, of those closed, 1,663, and of those treated as dead, 606. All the districts, except Mysore, contributed towards this increase. There was an increase of 434 in the number of dead accounts. These accounts have been gradually increasing year by year both in number and in amount.

6. *Deposits and withdrawals.*—The deposits and withdrawals were Rs. 28,55,458 and Rs. 25,26,781 against Rs. 24,31,019 and Rs. 26,98,739, respectively, of the previous year. The increase in deposits was marked in all the districts except Kolar. All the districts except Kolar, Mysore and Hassan showed a decrease in withdrawals.

The dead accounts during the year opened with a balance of Rs. 45,733 and there was an increase by the transfer to them of Rs. 2,712 in 1911-12. The amount revived during the year was Rs. 2,372. The combined result of both these was a net increase of Rs. 340 to the dead account. The average balance of each dead account was Rs. 384.

7. *Interest.*—The increase on this account over the previous year's figure was due to larger amounts deposited and left in the Banks.

* Printed as annexures.

8. *Classification of depositors.*—The net increase of 133 in the total number of depositors of the current account was fairly distributed among all classes. The small increase in the percentage of the agricultural class to the whole and the corresponding decreases in the class designated as "Others" call for no remark. The depositors under "Other classes" represent 45 per cent, professional, 40 per cent, and all the remaining classes put together form only 15 per cent of the whole number.

9. The average balance of Rs. 268 at credit of each depositor as shown in Statement No. VIII was more than the corresponding balance of the previous year by Rs. 14.

10. Of the 191 depositors that held more than Rs. 5,000 at the close of the previous year, 42 withdrew the excess over the fixed limit and 56 accounts were brought under this head by the addition of interest allowed during the year. Of 205 such accounts remaining at the close of the year under report, only 39 are old ones and the remaining 166 are new ones which do not carry any rate of interest for the excess over Rs. 5,000. The aggregate balance of such accounts at the close of the year was Rs. 14·10 lakhs against Rs. 13·66 lakhs at the close of the previous year."

No. Fl. 4368-77—G. F. 127-12-2, dated Bangalore, 3rd February 1913.

Order thereon.—Recorded.

2. Government note with satisfaction that the change in the procedure sanctioned in Government Order No. 2312-21—G. F. 361-09, dated the 10th November 1910, has resulted in marked improvement in the timely submission of the annual returns and their general accuracy.

3. The total amount deposited during the year was Rs. 28,55,458 against Rs. 24,31,049 in the previous year, while the withdrawals during the same period amounted to Rs. 25,26,781 against Rs. 26,98,739 of the previous year, raising the balance at credit from Rs. 67,77,086 to Rs. 73,12,263.

The average amount at credit of each depositor was Rs. 268 against Rs. 254 in 1909-10, reflecting the generally prosperous condition of the year under review.

4. It is seen that during the year 1911-12 the operations of these banks have resulted in a net addition to the balance as against an excess of withdrawals over deposits during the past four years. It is hoped that the abrogation of the annual and the aggregate limits on deposits will tend still further to increase the balances.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (General Finance,) dated 18th February 1913.

No. Fl. 4640-85—G. F. 73-12-1, dated Bangalore, 18th February 1913.

Order.—Cases in which house-building advances granted to certain officials were not utilised for the purpose for which they were sanctioned, but were either used for a different purpose or refunded to Government after a time, have come under the notice of Government. The existing rules do not explicitly lay on any officer the obligation to see that the borrower promptly builds a house. The object of Government in giving interest-free advances to their Officers is to see that new houses spring up and that the Officers are housed suitably. This object is frustrated if the advance remains unutilised or is diverted to other purposes. The applicant records a certificate that he will use the advance for the purpose intended but in the absence of a check on him, it is not possible to enforce this obligation.

2. In these circumstances, the Government of His Highness the Maharaja consider that some action is called for, and after a careful consideration of the matter, they have decided that Deputy Commissioners of Districts, in which house-building advances are granted, should maintain a register of persons to whom house building advances have been sanctioned, and arrange to get from the debtors quarterly statements of progress of construction. When no such statements are received for a period of one year, or when the reported progress is so unsatisfactory as to amount to a breach of the terms of the advance, a report should be made to Government. The Government may in such cases order the recovery of the balance outstanding at the time by deduction from pay of the officer concerned or otherwise, and in cases of deliberate use of the money for purposes other than house-building, interest may also be charged.

3. In order to minimise the chance of inaccurate certificates being sent in, Deputy Commissioners should make proper arrangements to have the houses of persons taking house-building advances inspected periodically during construction by responsible officers. The result of such inspection should be noted in the register mentioned above.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Deputy Commissioners of Districts.
The other Heads of Departments.

Letter No. 2701, dated the 26th September 1912, from the Excise Commissioner in Mysore, submitting a report on the results of the sale of Excise Privileges in the State for the year 1912-13 :—

"I have the honor to submit herewith for the information of Government a comparative statement, showing the number of Talukwar Excise shops and the result of sale of Excise privileges in the several districts of the province for the year 1912-13 and to state as follows :—

2. The important changes introduced in the Administration of the Excise Revenue, which may be considered to cause any fluctuation in the rentals offered at the sales, for the current year, were—

(1) the date toddy shops given out on extended lease in certain taluks of the province during the past years were sold on the same tenure for a further period of three years ending with 30th June 1915 ;

(2) the licensees of ganja shops were allowed as in the previous year to fix their own selling price, not less than two annas per tola ;

(3) the limit of private possession of opium was reduced from three to one tola and the lessees were restricted to sell at one time to one person not more than one tola, and the licensees were allowed to fix their own retail price.

3. *Arrack shops.*—758 shops were sold for an aggregate rental of Rs. 3,73,537-8-0 as against 759 shops for Rs. 3,37,089-1-4 in 1911-12, resulting in a net increase of Rs. 36,448-6-8 or 10 per cent The number of shops closed was 2 in the Bangalore District, 3 in the Kolar District and 1 in the Kadur District, while that opened was 1 in the Tumkur District, 2 in the Mysore District and 1 in each of the Shimoga and Chitaldrug Districts

4. The undermentioned eight taluks show a fall ranging from 1 to 9 per cent under this item, while there has been an increase throughout in all the other taluks.

Taluks	Rental for 1911-12	Minus rental obtained for 1912-13	Percentage of fall
Hoskote	4,314	— 120	2·7
Devanhalli	3,357	— 123	3·6
Bagepalli	1,470	— 15	1·
Heggaddevankote	516	— 36	6·9
T.-Narsipur	2,100	— 102	4·9
Hiriyur	660	— 60	9·1
Chikmagalur	10,419	— 21	0·2
Koppa	11,277	—1,017	9·

5. *Date toddy shops.*—2,563 shops were sold for an aggregate rental of Rs. 15,44,259 as against 2,587 shops for Rs. 13,48,468 in 1911-12. showing a net increase of Rs. 1,95,791 or 14·5 per cent. The number of shops closed was 22 in the Bangalore District, 1 in the Kolar District, 3 in the Mysore District and 1 in the Chitaldrug District, while that opened was 2 and 1 in the districts of Tumkur and Mysore, respectively, resulting in a net decrease of 22 shops.

Bangalore, Devanhalli, Doddballapur, Nelamangala, Hoskote, Anekal, Chikballapur, Sidlaghatta, Nanjangud, T.-Narsipur, Mudgere, Shimoga and Molakalmuru.

6. Out of 15 taluks advertised for long lease the shops in the Bangalore City and the marginally-noted taluks were sold on extended lease for a period of three years ending with 30th June 1915, while those in the taluks of Mandya and Malvalli were sold for a single year consequent upon the amount of rental offered therefor being the below the average of past three years' rental. The rate of tree-tax which was only enhanced during the last year from Re. 1 to Rs. 1-4-0, did not apply to those taluks, whose shops were previously sold, on long leases, which continued in 1911-12. This enhanced rate was made applicable throughout from 1st July 1912 and consequently, has tended towards a slight fall in the rentals. The percentage of fall was 4·6 and 8·1 in the taluks of Hoskote and T.-Narsipur, when compared with that of previous year, while it shows an increase of 3·3

and 1·7, respectively, when compared with the average of the previous three years' rentals; it is only in the case of Sidlaghatta Taluk the rental secured is very low, being a fall of 28·5 and 29 per cent respectively. The table appended below illustrates the talukwar percentage of decrease under this item.

Name of taluks leased out on three years' lease	Rental for 1911-12	Minus rental secured for 1912-13	Percentage of fall
Hoskote	7,464	— 342	4·6
Sidlaghatta	8,412	—2,400	28·5
T.-Narsipur	28,746	—2,346	8·1
Mudgere	732	— 144	2·
Taluks leased out for one year—			
Srinivaspur	7,668	— 597	7·8

Malvalli	16,680	—2,220	13·3
Manjarabad	2,040	— 300	14·7

7. *Bagani toddy shops* —692 shops were sold for an aggregate amount of Rs. 44,351-7-0 as against 695 shops for Rs. 43,959-6-0 in 1911-12, showing a small increase of Rs. 392-1-0 or 0·9 per cent. Two shops were closed in the Shimoga District and 1 in the Hassan District. The following table shows the talukwar percentage of decrease under this item :—

Taluks	Rental for 1911-12	Minus rental secured for 1912-13	Percentage of fall
Manjarabad	9,856	— 48	0·5
Chikmagalur	4,548	—120	2·6

Judging from the aforesaid yearly results, it is seen that under arrack, the districts of Mysore and Shimoga and under toddy, Bangalore, Kolar, Mysore, Hassan and Shimoga, record figures higher than any hitherto obtained; Hassan, Kadur and Chitaldrug Districts, however, equal the maximum revenue under arrack got previously; so also Kadur District equals the maximum under toddy.

9. The main factors contributing towards the decrease under the vend rental which in its turn is dependent upon the decreased consumption in the past year may be ascribed to one or the other of the following causes:—

(1) Seasonal condition and consequential agricultural depression.
(2) High prices of food grains.
(3) Change in life and habits among the habitual consumers.
(4) Emigration of consumers to other industrial centres in search of employment
(5) Paucity of industrial enterprise both under private and State agency.
(6) Diminution of the spending power of the consumer for his drinks.

10. *Akkibhoja shops.*—Thirty-five shops were sold in the Tirthahalli Taluk of the Shimoga District for an aggregate sum of Rs. 2,410-8-0 against the same number for Rs. 2,464-8-0 in 1911-12, showing a small decrease of Rs. 54 or 2·2 per cent.

11. *Ganja shops.*—Two hundred and forty-nine shops (249) were sold for an aggregate amount of Rs. 56,168-4-0 as against 246 shops for Rs. 30,920-4-0 in 1911-12, showing an increase of Rs. 25,248 or 81·6 per cent. The difference in the number of three shops is due to the opening of the two, one and two shops in the districts of Hassan, Shimoga and Chitaldrug, respectively, and to the closure of two shops in the Kadur District, resulting in the net increase of three shops. All the taluks in the Province without a single exception have contributed towards the raise in the rental under this item.

12. *Opium shops.*—One hundred and eight shops were sold for an aggregate sum of Rs. 20,601-12-0 against 109 shops for Rs. 11,133-12-0 in 1911-12, resulting in a net increase of Rs. 9,468 or 85 per cent. The difference in the number of one shop is due to the opening of an additional shop in the Bangalore District and to the closure of two shops in the Kadur District, resulting in a net decrease of one shop.

The following four taluks have contributed towards the fall in the rental under this item:—

Taluks	Rental for 1911-12	Rental obtained for 1912-13	Percentage of fall
Sidlaghatta	78	—24	30
Gubbi	6	— 3	50
Tarikere	162	— 6	3·7
Davangere	102	—42	41

13. *Country and draught beer shops.*—One shop of each kind was sold in the Kolar Gold Fields, for Rs. 7,860 and 4,200 as against the same number for Rs. 9,600 and Rs. 5,292 in 1911-12, respectively, showing a decrease of Rs. 1,740 and 1,092 or 18·1 and 20 per cent.

Proceedings of the Government of His Highness the Maharaja of Mysore,

17. On the whole the result achieved for the current year may be considered as one of record due to the keenness of competition and as a proof of the more widespread knowledge of the profit of the trade among the professional classes.

18. In this connection I beg to state for the information of Government that in the Madras Presidency the result of Excise sale is being published and circulated among the departmental and other officers together with the Government review thereon not only with the object of giving them an idea of correctly gauging the situation of each taluk but also with the object of facilitating ready reference of the financial aspects of the Department. A copy of the Madras Government Proceedings is herewith submitted for favour of perusal and return. I request that orders of Government may be obtained for dealing with this report similarly. I have with this object submitted herewith a duplicate copy of talukwar result of sales (prepared in loose sheets) for forwardal to the Superintendent of the Government Press."

Letter No. 256—4, dated the 20th September 1912, from the Excise Commissioner in Mysore, submitting the record of enquiry relating to the Inamdars' claim to the Toddy Revenue of the Jodi Kondajji village in the Gubbi Taluk, Tumkur District.

No. Fl. 4845-8—S. R. 81-12-2, DATED BANGALORE, 27TH FEBRUARY 1913.

ORDER THEREON.—The claim of the Inamdars for the excise revenue has not been admitted by the Investigating Officer, on the ground that the documents produced by them do not support their claim. According to the sannad, the Inamdars are entitled to "char bab" but what is denoted by this expression is not clear. The other documents do not advance their claim in any way; while in the Inam Settlement Register, "abkari" is reserved to Government.

2. The Excise Commissioner concurs the finding of the Investigating Officer and adds that the Inamdars have failed to adduce sufficient proof to show that they were in enjoyment of the excise revenue of the village.

3. Government agree with the Excise Commissioner in his conclusion and are accordingly pleased to direct that the Inamdars' claim be restricted only to the tree-rent for trees tapped in the village.

Letter No. 5003—T. A. I. 1074, dated the 3rd February 1913, from the Comptroller to the Government of His Highness the Maharaja of Mysore, forwarding copies of the marginally noted correspondence and requesting orders of Government on the following points:—

1. Letter No. A (Camp) without date from the Deputy Commissioner of Kolar to the Comptroller
2. Comptroller's letter to the Deputy Commissioner, Kolar, dated 1st February 1913.
3. Comptroller's letter dated the 3rd February 1913, to the Superintendent of Stamps in Mysore.

(1) Remuneration to be allowed to the licensed stamp vendors on account of stamped copying sheets introduced by Government Order No. J. 2538-41—Cts. 162-10-2, dated the 1st March 1912; and

(2) limit to the value of the sheets to be sold to the vendors at one time.

No. FL. 4874-84—S. R. 183-12-2, DATED BANGALORE, 28TH FEBRUARY 1913.

ORDER THEREON.—The Government are pleased to direct that the rates of discount in the case of copying sheets be the same as those allowed for Court-fee stamps, *viz.*, two per cent (except at the Kolar Gold Fields where the licensed vendor will be allowed five per cent) and that the value of the sheets sold to the vendor at one time be not less than Rs. 10.

Letter No. 2424—237, dated the 23rd December 1912, from the Inspector-General of Police in Mysore, submitting with his observations the sixth annual report on the working of the Mysore Mines Regulation, 1906, during the official year 1911-12.

I have the honor to forward herewith copy of the report on the working of the Mysore Mines Regulation for the year 1911-12, received from the District Magistrate, Kolar.

2. The total number of cases filed was 97 against 109 persons, of which 80 cases concerning 87 persons ended in conviction, and 17 involving 22 persons in acquittal or discharge against 76, 76, 64 and 64 respectively during the previous year.

3. Under Sections 5 to 19 of the Mining Regulation "Protection of mining property," 50 cases with 57 persons were prosecuted, of which 40 cases with 42 persons ended in conviction against 50, 50, 42 and 42, respectively, during the previous year. One case for the first time since the passing of the Regulation was put up under Section 5 "Mining material not to be purchased, conveyed or kept without written permission," this year, in which one A. S. Murugesam of Bowringpet was charged before the District Magistrate of Kolar, surreptitiously receiving and conveying by post, sponge gold belonging to the Kolar mines, to Umbraj in the Satara District of the Bombay Presidency. He was found guilty and sentenced to nine months' rigorous imprisonment.

4. There was an increase in the number of cases reported under Section 6—"Unlawful possession of mining material" from 7 last year to 12 this year owing to more cases of mining material having been detected by the Companies' Watch Establishment, more particularly the underground staff. The value of property in all these 12 cases was Rs. 264, ranging from 4 annas to Rs. 90; and it was only in 3 of the cases that the value exceeded Rs. 50 In this connection, the District Magistrate suggests that cases in which the value of property does not exceed Rs. 50, may be tried summarily as it would save the Court lot of time. This point deserves consideration.

5. *Section 17, undesirables.*—The number of prosecutions under this section further decreased from 37 to 23 chiefly attributable to close supervision and weeding out of bad characters during the two preceding years. The question of the issue of notices on these undesirables by the Superintendent of Police, for all mining camps and Government Cooly Colonies is still under the consideration of Government and orders are awaited.

6. The statement appended to the District Magistrate's report shows how the Mines Regulation since its introduction in 1906-07 has been worked with care and discrimination without any hardship to the peaceful and law-abiding subjects of the State. With such experience gained, the submission of an annual report to Government may, as suggested by the District Magistrate, be dispensed with.

No. 1583, dated 12—18th September 1912, from the District Magistrate, Kolar District, to the Inspector-General of Police in Mysore.

I have the honor to forward herewith the sixth annual report on the working of the Mysore Mines Regulation, IV of 1906, for the official year ending 30th June 1912.

2. The total number of cases filed was 97 involving 109 persons, of which 80 ended in conviction of 87 persons and 17 involving 22 persons in acquittal or discharge, against 76 cases concerning 76 persons in the previous year, of which 64 ended in conviction of 64 persons and the rest in acquittal or discharge.

3. *Protection of mining property.*—Fifty cases involving 57 persons were put up by the Police before the Courts under the more stringent Sections 5 to 19 of the Regulation, of which 40 cases concerning 42 persons ended in conviction against 50 cases involving

(*a*) *Section 5, mining material not to be purchased conveyed or kept without written permission.*—One case was put up this year and ended in conviction. It is to be noted that this is the first time a case has been launched under this section, since the Regulation came into force. One A. S. Murugesam of Bowringpet was arraigned before the District Magistrate of Kolar, for surreptitiously receiving and conveying by post, sponge gold belonging to the Kolar Mines to Umbraj in the Satara District of the Bombay Presidency. He was found guilty after a lengthy and exhaustive trial and sentenced to nine months' rigorous imprisonment. His appeal to the Chief Court of Mysore was rejected.

(*b*) *Section 6, unlawful possession of mining material.*—There is an increase of five cases as compared with last year, but this is due to more cases of mining material being detected by the Companies' Watch Establishment, more particularly under-ground and calls for no remark except that only 50 per cent ended in conviction.

The value of the property connected with all these 12 cases was Rs. 264, and ranged from four annas to Rs. 90. Only in three cases was the value above Rs. 50. The trial of such cases regularly, when the value of the property is small, involves an expenditure of time, which is out of proportion to the importance of the cases and I would suggest that when the Regulation is next amended, provision may be made to try summarily cases in which the value of property does not exceed Rs. 50. This is very necessary, as there is much waste of time now.

(*c*) *Section 7, licenses required for gold-dealers and gold-smiths.*—No gold-dealers' licenses were applied for during the year. The number of gold-smiths' licenses issued during the year was 25, as against 19 for the previous year, and the license fees realised amounted to Rs. 125, against Rs. 95 in the previous year.

Two cases were put up as compared with none for the previous year and one ended in conviction. The other case failed, because the Detective Head Constable did not at once seize the gold but waited for the arrival of the Regular Police, by which time it had been passed out.

(*d*) *Section 13, combined with Sections 7 and 12.*—There were two cases put up under these sections involving three persons and all ended in conviction.

(*e*) *Section 10, books to be maintained by licensed gold-dealers and gold-smiths.*—There were no cases prosecuted under this section against one last year. These books are regularly checked by an Inspector deputed for the purpose.

(*f*) *Section 11, gold-smiths not to deal with gold, etc., until three days after receipt.*—There was no case again under this section, as during the previous three years, which is highly satisfactory.

(*g*) *Section 12, possession of unwrought gold.*—Five cases were put up as against one in the year previous and four ended in conviction and one in discharge. In the latter case, the Court was of opinion that the evidence, all that was available, was insufficient to warrant a conviction, but detained the gold in custody giving the interested parties two months' time to prove that it belonged to either of them failing which it would be confiscated to Government.

(*h*) *Section 16, liability of tenant or occupier of premises where mining materials are found.*—Two cases were investigated and found to be false; hence they were referred to the Magistrate on B form for orders. This section is practically inoperative and to support this view, since the Regulation came into force, 42 persons have been charge-sheeted, of whom

Judicial and Legislative (Legislation), dated 7th February 1913.

only 15 have been convicted. Much care is exercised in the investigation of these cases. Last year, only one case was prosecuted, which ended in discharge.

(*i*) *Section 17, undesirables.*—There is a fall of 14 cases as compared with last year, the figures being 23 to 37. This is natural, as during the years 1909-10 and 1910-11, very vigorous action was taken and these undesirables now find that they are unable to live within mining limits. The continued harassing of bad characters by the Police and Watch Establishments has not abated and a man cannot remain on the Field for two days, if he has been served with a notice to quit, without being detected and again charged. Forty-one notices were served during the year by the Police and Mining Companies, 14 by the former and 27 by the latter; all the 23 men put up were convicted. Since the Regulation came into force, 133 convictions have been obtained under this section in 141 cases.

In some cases, men who have had 4 or 5 previous convictions under this section and had been awarded the maximum punishment of three months' imprisonment more than once, have again been brought up and again awarded the maximum punishment. It is clear that the temptation which makes them disregard these consequences, must be very strong and it is a matter for consideration whether the maximum punishment for such offences should not be raised to one year or the offence made punishable with whipping in addition on a second or subsequent conviction, as in the case of offences under Sections 5, 6, 7 and 12 (*vide* Section 14 of the Regulation). It is desirable that notices to "undesirables" should be issued by the District Superintendent of Police, Kolar Gold Fields, for all mining camps as well as for the Government Cooly Colonies. Under the present system, as has already been pointed out, a man who has been served with a notice by the Superintendent of one mine can go and live in another mining camp and he can be get rid of only by all the Superintendents of mines and the District Superintendent of Police serving him with notices, which, on the face of it, is a very cumbrous procedure.

(*j*) *Section 18, Hawkers and pedlars.*—Three cases involving 3 persons were dealt with during the year against the same number in the previous year and all ended in conviction.

Twenty-nine hawkers' and 40 pedlars' licenses were issued during the year against 27 and 23, respectively, in 1910-11, and the amount of fees realized was Rs. 185.

4. *Safety and discipline of mining employers and inspection of mines, Sections 21 to 33.*—Twelve cases involving 13 persons were prosecuted during the year under report by the Police, Geological Department, and by the Mining Superintendents for breaches of the Mining Rules tending to cause serious accidents as against 8 cases with 8 persons in the previous year. Of these, 11 cases involving 12 persons ended in conviction and the remaining 1 case with 1 person in acquittal.

Included in the above is the case in which Engine Driver Waters was tried and convicted by the Justice of the Peace, Kolar, for breach of Rule 200, in which several persons were killed and many severely injured by his carelessness in allowing his winding engine to get out of control. On appeal to the High Court of Madras, he was acquitted.

5. *Sanitation.*—Forty-three cases involving 48 persons were put up by the Police, Sanitary and the Mining Authorities against 18 cases involving 18 persons during the preceding year. Of these, 35 cases ended in the conviction of 40 persons.

6. *General.*—On the whole, the provisions of the Regulation have been worked with great care and discrimination without any hardship to the peaceful and law-abiding subjects of the State.

7. Since the Regulation came into force, the percentage of convictions to cases put up is as follows:—

Sections.	Percentage.
5, 7 and 12, 10, 11, 6 and 12	... 100·0
17 and 19	... 94·3
18 and 19	... 90·9
7 and 12	... 88·3
6	... 63·2
16	... 41·6

8. An interesting statement showing the number of cases and persons put up for trial and the results and percentages from the time the Regulation came into force up to date, is attached.

9. In conclusion, I would suggest that as the Regulation has been working satisfactorily now for six years, it is no longer necessary to submit an yearly report.

Judicial and Legislative (Legislation), dated 7th February 1913.

No. J. 2281-9—Legis. 15-12-2, dated Bangalore, 7th February 1913.

Order thereon.—Recorded.

2. The question of vesting in the Superintendent of Police, Kolar Gold Fields, the power to order undesirables off the Fields is engaging the attention of Government and a Bill on the subject will shortly be introduced into the Legislative Council.

3. The suggestions made in the Report for enhancing the punishment of undesirables for disobedience of notice ordering them to quit the Fields, and for permitting the summary trial of offences under Section 6, namely, unlawful possession of Mining material, when the value of the subject matter does not exceed Rs. 50, may form the subject of a separate communication.

4. As regards the recommendation contained in para 6 of the letter read above for dispensing with the annual report, Government consider it desirable that the submission of the annual report should be continued for some time longer.

Proceedings of the Government of His Highness the Maharaja of Mysore, Judicial and Legislative (Courts), dated 4th February 1913.

READ—

Letter No. 1395—101, dated the 16th October 1912, from the Registrar of the Chief Court of Mysore, forwarding the Report on the Administration of Criminal Justice in Mysore for the year 1911-12, together with usual statements.

No. J. 2235-43—Cts. 93-12-3, DATED BANGALORE, 4TH FEBRUARY 1913.

ORDER THEREON.—*Crime.*—The total number of criminal cases reported to the Magistrates during the year 1911-12 was 17,915 as against 16,061 in the preceding year, the increase being attributed chiefly to unfavourable seasonal conditions during the year under report. It is observed that the increase is not confined to offences against property, and that offences against the human body also show an increase over the figure for the year 1910-11. It is, however, satisfactory to note that though there was an increase in the total number of cases, the number of heinous offences, including offences against property, showed a decrease when compared with the number for the previous year.

2. The total number of cases brought to trial during the year under report was 14,520 involving 29,572 persons, of whom 22,518 were either acquitted or discharged, and 6,319 persons were convicted.

3. *Original work.*—There was a slight improvement in the quantity of original criminal work done by the District Magistrates, 54 cases being disposed of by them against 45 cases in the previous year. The District Magistrate of Bangalore dealt with the fewest number of such cases, *viz.*, three.

4. *Duration of cases.*—The average duration of cases disposed of by the Magistrates was 11·39 days as against 8·97, and that of Sessions cases disposed of by the Sessions Judges was 38·2 against 54·9 in the previous year. There was noticeable improvement in the average duration of criminal appeals disposed of by the Chief Court, which was 28 days in the year under report against 51·66 days in 1910-11; while in the Courts of Sessions and in Magistrates' Courts, the average duration of appeals showed a slight increase from 23·27 and 14·19 days to 26·39 and 19·08 days respectively.

5. *Work of the Courts of the Benches of Magistrates.*—The Benches of Honorary Magistrates in the Cities of Bangalore and Mysore disposed of 631 cases against 678 in the preceding year. Government are glad to note that their work is commented on favourably by the District Magistrates. The question of making the Benches permanent is engaging the attention of Government.

6. *Inspection.*—Government regret to observe that there was considerable falling off in the inspection of subordinate Courts, especially in the districts of Mysore, Kadur and Kolar. The Chief Court were again unable to inspect any subordinate Criminal Courts during the year.

READ—

Letter No. C. 7, dated the 10th October 1912, from the Inspector-General of Police in Mysore, forwarding the Report on the Administration of the Police Department for the year 1911-12.

No. J. 2297-305—POLICE 81-12-4, DATED BANGALORE, 7TH FEBRUARY 1913.

ORDER THEREON.—*Cognizable cases.*—The total number of cognizable cases reported to the Police during the year under review was 5,910 against 5,704 in the preceding year, representing a slight increase of 3·61 per cent. The average reported crime for the five previous years was 5764·8 or a little less than the number for the year under review. The number of heinous offences reported to the Police was 502 against 426 in the preceding year. There was a small decrease in the number of cases of murder. Serious offences against person and property showed an increase of 87. There was also an increase in the number of thefts of cattle.

Including cases pending at the beginning of the official year under review, 3,258 cases were decided by Magistrates, of which 2,399 or 74·0 per cent ended in conviction against 2,390 or 72·0 per cent in the previous year.

Recovery of stolen property.—Property to the value of Rs. 2,17,473 was reported to the Police as having been stolen, of which property worth Rs. 1,02,384 or 47 per cent was recovered by the Police. This represents an improvement of about six per cent when compared with the percentage of the previous year.

Investigation of heinous cases by superior officers.—Out of 502 heinous cases reported during the year, 196 cases were investigated either fully or partially by superior officers (*i.e.*, Amildars and Superintendents) as against 200 cases out of a total number of 426 in the previous year.

Village Police.—The work done by the village Police continued to be satisfactory. They were responsible for the detection of 61 cases against 56 cases in 1910-11. Of these 53 or 86·8 per cent ended in conviction, while the percentage of convictions obtained by the regular Police was 42·5 of the cases investigated by them.

Preventive action.—Preventive action was taken by the Police under Sections 109 and 110 of the Code of Criminal Procedure in respect of 89 persons as against 75 persons in the preceding year. Under Section 565 of the Criminal Procedure Code, 13 persons were ordered by Magistrates to notify their residence to the Police as against 10 persons in 1910-11.

The Inspector-General brings to notice the existence of a large number of vacancies among Police constables, and suggests that their pay should be increased so as to make the service more attractive. The question is engaging the attention of Government.

Petition dated the 13th June 1912, from Sitaiya and other merchants of Kunigal, complaining against the order of the President of the Municipalities in the Tumkur District, directing the levy of octroi outside the Municipal limits of the Kunigal town, when they were living in sheds during the prevalence of plague from October 1911 to March 1912.

2. Correspondence ending with letter No. 36, dated the 19th July 1912, from the Deputy Commissioner, Tumkur District, reporting that during the above period, the usual Municipal services, such as lighting and conservancy, were provided where sheds had been put at a short distance outside the Municipal limits and that the technical objection taken by the appellants could have been overcome if the Municipal limits had been temporarily extended to embrace the area occupied by sheds.

No. 5891-8—Ml. 349-11-4, DATED BANGALORE, 6TH FEBRUARY 1913.

ORDER THEREON.—In view of the fact that the people living in the sheds put up outside the Municipal town of Kunigal, enjoyed the benefits of the Municipal Administration, Government consider, in the circumstances of the case, that the Municipal Administration may be taken to have been practically shifted to the camps and that the order of the President directing the levy of octroi in sheds outside the Municipal town of Kunigal was just and equitable.

2. The advisability of temporarily extending the Municipal limits of towns evacuated by plague so as to include the area occupied by sheds is commended to the Deputy Commissioners of Districts for consideration.

Letter No. 826, dated the 13th October 1912, from the Chairman of the Board of Trustees for the improvement of the City of Mysore, submitting the report of the Board for the year 1911-12.

No. 6250-63—ML. 116-12-6, DATED BANGALORE, 18TH FEBRUARY 1913.

ORDER THEREON.—Recorded.

2. The receipts during the year amounted to Rs. 2,88,862 and the expenditure which was estimated at Rs. 2,99,342 in the budget estimates was actually only Rs. 1,41,235. It is reported that a very large portion of the allotment made for construction works could not be spent during the year as the comprehensive programme of works including a complete system of underground sewerage and outfall works for the whole city at an estimated cost of Rs. 23,67,590 was sanctioned by Government only in the latter part of the year.

3. Government observe that the execution of the project for the improvement of the Fort was almost complete at the end of the year, a sum of Rs. 5,86,724 having been expended for the removal of 342 properties and for opening a road of 60 feet in width all round the rampart wall. In the Fort area only 17 properties remain to be dealt with. The Board is requested to decide the question as to the necessity of acquiring these properties, at an early date.

4. As during the previous year, there was not much progress in the construction work of the Board. Now that a comprehensive programme of works including underground sewers and outfall works for the whole city has been sanctioned, Government trust that the Board will be able to show good progress during the current year with regard to the works, the estimates of which have been sanctioned by Government.

5. The rules for the grant of loans for house-building purposes under the City of Mysore Improvement Regulation were amended so as to dispense with the taking of collateral securities when the property to be benefited was in itself a sufficient security, the applicant's interest in the said property being not less than one and a half times the loan applied for. The amount of loans disbursed during the year was Rs. 8,293 and that recovered amounted to Rs. 3,488 besides interest of Rs. 378. Out of a total sum of Rs. 29,531 granted as loans till the end of the year 1911-12, the amount of instalments that accrued due up to the end of the year was Rs. 15,965. A sum of Rs. 11,592 was collected out of this, leaving a balance of Rs. 4,373 for recovery. It is observed by the Board that for the speedy recovery of arrears of loan the Chairman of the Board should be invested with the power to take coercive steps under Section 45 (1) of the City of Mysore Improvement Regulation. The Chairman is requested to address Government separately in the matter.

6. Government desire their thanks to be conveyed to the Trustees for their labours during the year.

READ—

Correspondence ending with letter No. 76, dated the 24th September 1912, from the President of the Municipal Council, Bangalore City, requesting sanction to the opening of a Model Infant School at Shankarpur estimated to cost an initial expenditure of Rs. 300 and a recurring expenditure of Rs. 70 per mensem.

No. 6590-2—Ml. 66-12-4, DATED BANGALORE, 27TH FEBRUARY 1913.

ORDER THEREON.—Government recognize that suitable arrangements in Mysore for the education of children below six years of age, on the model of the kindergarten system in vogue in the advanced countries of Europe, America and Japan are necessary; and that a beginning should at once be made in that direction by starting one in Shankarpur where there is already a small private school maintained by a few well-to-do gentlemen of the locality.

2. Agreeing with the Inspector-General of Education, the Government are pleased to sanction the proposal of the President of the Municipal Council, Bangalore City, tentatively for a period of three years, but having regard to the circumstance that at present, the institution is required for the convenience mainly of a particular class, *viz.*, the children of rich parents, they direct that at least half the cost be met from fees, the balance alone being borne by the Municipal Funds.

3. The President should arrange to meet the amount required for expenditure during the current year by reappropriation from sanctioned grants.

No. G. 4488-535—G. M. 253-11-4, DATED BANGALORE, 7TH FEBRUARY 1913.

ORDER.—In supersession of the existing orders on the subject, the following revised rules are prescribed for the grant of reward for the destruction of wild animals in the State.

(1) The rates of reward that may be granted for killing various kinds of wild animals are as follows:—

		Rs.	
Tigers	... ...	35	each
Panthers (Cheetahs)	... ...	20	,,
Wild dogs	... ...	10	,,
Wolves	... ...	10	,,
Hyænas	... ...	5	,,
Jungle cats	... ...	2	,,

The above rates are maximum rates and Deputy Commissioners of Districts may exercise their discretion in fixing the amount of reward in each case.

2. Applicants for reward should produce the untanned skin, teeth and claws of the animal killed, along with their applications to the Amildar of the Taluk or to the Deputy Commissioner. Such applications should be supported by a certificate from the Patel, or one or more respectable gentlemen of the village stating the place where and the date on which the animal was killed.

3. If the application is made before the Amildar, he should, unless otherwise instructed by the Deputy Commissioner by a general or special order, after satisfying himself that the skin is a fresh one, immediately forward it with the teeth and claws of the animal, to the District Treasury with a short report to the Deputy Commissioner stating by whom, when and where the animal was killed. The Deputy Commissioner will, after personal inspection of the skin, if necessary, sanction a reward not exceeding the amount stated in para 1 *supra* and have the skin, etc., sent for deposit to the Treasury where the skin will at once be punched. If the person claiming the reward desires to keep the skin, etc., as a trophy, the skin need not be punched, but may be returned to the applicant on his furnishing a muchalika to the effect that he will be careful so as to dispose of the skin that it shall not again be presented for payment of reward. In such cases, a sum of Rs. 6, Rs. 2, or rupee one, respectively, will be deducted from the reward according as the animal killed is a tiger, a cheetah or any other animal.

4. No reward will ordinarily be paid unless the claim is made and the skin, teeth and claws are presented within four months after the animal is killed. Deputy Commissioners may, however, sanction payment of rewards in special cases where satisfactory reasons are adduced for a delay of more than four months in the presentation of the claim.

5. Rewards for killing wild animals will be paid either in the District or Taluk Treasury as may be ordered by the Deputy Commissioner, on receipts from the parties countersigned by the Deputy Commissioner. They should also bear a certificate signed by the officer sanctioning the reward, *viz.*, the Deputy Commissioner, that he has personally examined the skin of the animals or has satisfied himself from personal inquiry, of the genuineness of the claim. If the party desires payment at a Taluk Treasury, the Deputy Commissioner will arrange for it by means of a Taluk cheque.

6. Skins, etc., received at the Treasuries for the payment of reward and not required by Government should, after being punched, be sold by public auction, due intimation of the same being given to probable bidders.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

I. Government Proceedings No. G. 1223-63—G. M. 270-06-91, dated the 24th August 1908, directing the supply of typewriting and carbon papers to Heads of Departments from the Stationery Depot, as a tentative measure for a period of two years.

READ—Letter No. 1782, dated the 11th March 1907, from the Chief Engineer in Mysore, suggesting in the interests of Government that arrangements be made by the Government Stationery Depot for stocking and supplying typewriting materials required by all Government Offices.

(2) Letter No. 616, dated the 27th March 1907, from the Superintendent of Stationery, stating that he agrees with the Chief Engineer in thinking that there would possibly be some saving to Government if typewriting materials were supplied through the Stationery Depot.

No. G. 1223-63—G. M. 270-06-91, DATED BANGALORE, 24TH AUGUST 1908.

ORDER THEREON.—In the General and Revenue Secretary's Memo No. G. 6159-98—G. M. 217-06-4, dated the 6th April 1907, the opinion of the Heads of Departments and Deputy Commissioners of Districts was invited on the proposal to arrange for the supply of typewriting materials to all offices in the State through the Stationery Depot. They were also requested to state their annual requirements of such materials and the cost incurred on that account during the last three years. The opinions received were for the most part in favor of the proposed change. On the data available, the Superintendent of Stationery expressed the opinion that the proposed consolidated supply would result in savings to Government, and recommended that only typewriting and carbon papers should be purchased and supplied to various departments using typewriting machines, and that the present practice of buying other sundry articles required by the different offices might be continued, as it would not be economical to procure them in small quantities, so as to suit different kinds of machines used in different offices. Thereupon the Heads of Departments and Deputy Commissioners of Districts were informed that it was proposed to issue annually from the Government Stationery Depot typewriting and carbon papers which might be required by each office, the grant under "Contingencies" of each such office being reduced to the extent of the cost of the supplies made. The several replies received show that opinions as regards the reductions in their contingent grants are divided.

2. With a view to obviate the necessity of immediate and arbitrary deductions from the contingent grants of offices all over the State, to which course certain objections seem to exist, and taking into consideration other circumstances, Government are pleased to sanction the following tentative arrangements for the supply of typewriting and carbon papers from the Government Stationery Depot.

3. The Superintendent of Stationery will make wholesale purchases of typewriting and carbon papers from out of the year's Stationery grant and stock the same in the Depot. The Heads of Offices using typewriting machines should, in future, obtain on indent, once every quarter the quantity of typewriting and carbon papers required by them during the subsequent quarter, so that, as far as possible, the whole year's supply may be indented for and obtained three months before the expiry of the official year, *i.e.*, by the 31st March of every year. The cost of each supply will be made known to the indenting officer at the time the articles are issued to him, but will not be included by him in the total contingent expenditure of his office; the necessary reduction on account of the articles supplied being made in the contingent grant of each office during the last quarter of the year as directed below.

4. In the month of April every year, the Superintendent of Stationery should prepare a reappropriation statement reducing the grants of the several offices supplied and increasing his own grant to the extent of the supplies made and should submit it for the sanction of Government.

5. If the wholesale purchases are properly regulated, Government have no doubt that very little stock will remain in the Depot after March in each year; but if anything should remain, reference can be made to the General and Revenue Secretariat and other large offices with a view to the balance of stock being distributed among them, their grants being correspondingly reduced for the increase of the Superintendent's grant if absolutely necessary.

6. Typewriting materials other than those specified above may be purchased, as usual, from the contingencies of each office.

General (Miscellaneous), dated 12th February 1913.

7. The above arrangements will be tried for a period of two years by which time, it is hoped, an accurate estimate of the requirements of each office can be formed.

8. The Superintendent of Stationery is requested to submit a report on the working of these arrangements at the end of the current official year.

II. Government Proceedings No. G. 2446-93—G. M. 67-10-2, dated 11th October 1910 directing the continuance of the above arrangement for a further period of two years, and calling for a report at the end of that period.

III. Letter No. 53, dated 24th July 1912, from the Superintendent, Government Stationery, forwarding his report on the working of the scheme during the previous period of two years, and recommending that the system may be made permanent and the articles, *viz.*, typewriting and carbon papers, included in Appendix A, of the Stationery Rules published with Government Order No. G. 6011-60, dated 27th May 1904, under general supplies, and requesting that the budget grant of the Stationery Department may be increased by Rs. 3,000 as there is a tendency for increase in the use of these articles in the several offices.

No. G. 4645-93—G. M. 60-12-54, DATED BANGALORE, 12TH FEBRUARY 1913.

ORDER THEREON.—In the General and Revenue Secretary's Circular Memo No. G. 1052-113—G. M. 60-12-3, dated the 22nd August 1912, the attention of the Heads of Departments was drawn to the orders read above and their opinion was invited on the proposals of the Superintendent of Stationery contained in his letter dated 24th July 1912. It is seen from the replies received that there is general agreement that the system now in operation may be made permanent. In these circumstances, and in view of the obvious advantages of a system of wholesale purchase of these papers direct from the manufacturers, and their distribution through the Stationery Department to the several offices, the Government are pleased to approve of the arrangements detailed in the Stationery Superintendent's letter read above and direct that the system which has been in force experimentally, for the past four years, be made permanent.

2. The Superintendent, Government Stationery, is authorized to include in the Stationery budget for 1913-14 an additional provision of Rs. 3,000 to meet the charge on this account.

3. The Comptroller to Government is requested to arrange for reducing the contingent grants of the several offices to the extent of the cost of the articles supplied to them, in the manner prescribed in paras 3 and 4 of the Government Order of the 24th August 1908 first read above.

4. As it is reported by several of the officers that the papers supplied to them have been somewhat inferior, the Superintendent of Stationery is requested to see that the papers purchased and supplied are suitable and of the proper quality.

ORDER THEREON.—Recorded.

2. The Government are glad to notice that the Gardens and Parks in the charge of the Superintendent and Economic Botanist continue to be maintained in a satisfactory condition and that improvements are being effected in many directions. It has come to the notice of Government that portions of the Lal-Bagh and of the Cubbon Park are at one time or other, under repair throughout the year, and that as a consequence they are not maintained in as attractive a condition as they might be. It is hoped that steps will be taken to improve matters in this respect.

3. Though the delay in the receipt of the Report of last year was noticed in the Review thereon, Government regret that the present report was also received nearly three months after the due date. Government trust that the Superintendent will avoid such delays in future.

ORDER THEREON.—Recorded.

2. The number of new records discovered and copied during the year under review was 535 in Kannada, Tamil, Telugu, Nagari and Mahratti, the majority of them being in Kannada. An important Tamil inscription of 1117 A. D. was discovered during the excavations carried on at the Kirtinarayana temple at Talkad. Of the manuscripts examined during the year, two are of some special interest, the one Traivarnikachara being a jain law book of the 15th century, and the other a Kannada poem in the Sangatya metre, composed in the 17th century.

3. The Chief Engineer, the Muzrai Superintendent and the Deputy Commissioners concerned will be addressed regarding the suggested preservation of the temples near Kannambadi and Amritapura brought to notice in paras 12, 13 and 46 of the report.

4. Government are pleased to note that the Officer in charge of Archæological Researches continued to carry on his work during the year with his usual zeal and earnestness.

ORDER THEREON.—With reference to para 3 of their Order No. G. 221-4 —G.M. 278-10-6, dated 10th July 1911, read above, Government are pleased to issue the following directions :—

The expenditure on account of salaries of officers and establishment should be drawn on the usual pay bill forms and preaudited by the Comptroller. The travelling allowances of the Members and of the Secretaries of the various Committees will be drawn on the usual travelling allowance bill forms, countersigned by the respective Chairmen. In regard to any allowances or honoraria which may be proposed to be paid to salaried Government servants in connection with the work of the Conference, the sanction of Government should be obtained in accordance with Article 51 of the Mysore Service Regulations. Money for contingent expenditure will be drawn on abstract contingent bills and accounted for by detailed contingent bills in the usual way. Other expenditure incurred will be accounted for to the Comptroller either as contingent expenditure or by the submission of work bills, etc., as the case may be. In regard to all other charges the Chairmen will have full discretion to incur expenditure up to the limit of the grant provided in their respective budgets.

(2) So long as the total budget grants are not exceeded, the orders of the President of the Conference, in consultation with the Chairman of the Central Committee concerned, should suffice in regard to the following classes of expenditure :—

(*a*) Employment of any temporary staff for stated periods not exceeding a year ;

(*b*) Re-appropriations from one major head of a Committee's budget to another major head ;

(*c*) Expenditure on items not specially provided for in the budgets but which could be met from the savings under one or other of the heads of the budget grant ;

(*d*) Deputation of officers working under the Conference to places outside the State within India for periods not exceeding one month.

(3) To meet emergent expenditure for which pre-payment may be necessary, a permanent advance of Rs. 300, to each of the three Secretaries is hereby sanctioned.

Annual Report of the Mysore Military Forces (except the Imperial Service Transport Corps) for the year 1911-12, submitted by the Chief Commandant, Mysore State Troops, with his letter No. 1232, dated the 23rd September 1912.

No. MILY. 720—37-12-3, DATED BANGALORE, 15TH FEBRUARY 1913.

ORDER THEREON.—The Force consisted of two Regiments of Cavalry, with a Mule Transport attached to the Imperial Service Regiment and three Regiments of Infantry.

2. The strength of the Force inclusive of all ranks, camp followers and others stood at the end of the year as follows:—

Cavalry, inclusive of the Mule Transport, and	1,019
Infantry	1,834
Total ...	2,853

This number was below the authorised strength by 70. This was due to the vacancies in the ranks which occurred during the year not having been filled up.

3. Of the 2,853 officers and men at the close of the year, about 45 per cent were Mahomedans, 20 per cent Mahrattas, 10 per cent Christians and 25 per cent Brahmins and other Hindus.

4. Drill and discipline in all branches of the service were well maintained throughout the year and the health of the troops was good.

5. Detachments of the Imperial Service Regiment were, as usual, detailed for duty in connection with Dasara and Birthday festivities. Two Squadrons of Field Service Strength were also detailed for duty at Delhi during the Coronation Durbar.

6. The Imperial Service Regiment was inspected by the Inspector of Signalling, Imperial Service Troops, during the year and the result of the inspection was declared to be "satisfactory and the general standard of efficiency most commendable."

7. In the S. I. R. A. Meeting and in the Inter Regimental Shooting competition between the Hyderabad and Mysore Imperial Service Troops, the Regimental men obtained several money prizes and at the Central-Assault-at Arms held in August 1911, three first prize cups and some money prizes were won by the Officers and men of the Regiment.

8. One non-commissioned officer and one sowar from the Imperial Service Regiment were detailed to attend the Signalling and Veterinary classes at Kiyarighat and Poona, respectively, and one officer and one non-commissioned officer attended the Survey class in the 2nd Queen's Own Sappers and Miners at Bangalore from 22nd May to end of July 1912, for a preliminary course of instruction. One Dafadar, 1 Lance Dafadar, and 8 Sowars learnt Pioneer work in the Regiment and sixteen men were qualified in Stretcher Drill, first-aid to the injured and the use of the first-field-dressing.

9. His Excellency Sir O'Moore Creagh, Commander-in-Chief in India, visited the Imperial Service Lancer's Lines in Bangalore in February 1912. Major General Drummond, Inspector-General, Imperial Service Troops, inspected the Regiment at Bangalore in the same month and also complimented the Regiment on the excellent work done by the detachment during the concentration at Delhi for the Coronation Durbar.

10. One Squadron of the Local Service Regiment detailed for duty at the R. A. Practice Camp at Rajankunte in January 1912, performed its duties in a thorough and satisfactory manner.

Military, dated 15th February 1913.

11. The Horse and Mule Chanda Funds of the Cavalry Regiments were in a satisfactory condition at the close of the year.

12. The expenditure under all heads of the Cavalry and Infantry Regiments amounted to Rs. 10,55,900 against Rs. 10,26,709 during the previous year.

13. The Government desire to express their appreciation of the manner in which the Military Forces of the State continued to be maintained in their usual high state of efficiency and discipline during the year. The excellent remarks elicited from the Inspector-General, Imperial Service Troops, on the splendid display of the Imperial Service Lancers during the concentration at Delhi for the Coronation Durbar of His Most Gracious Majesty King George V, Emperor of India, reflect great credit on the Chief Commandant and the Officers and men of the Regiment.

APPENDIX.

Amendments and alterations to the Standing Orders of the Mysore Imperial Service Lancers.

PART I.

Para 8.—Add at the end of the present para the following fresh sentence:— "He will also have in his custody the Medical History Sheets [See para 521 (*j*) XII] of followers of the Regiment."

Para 504 (b).—Add after "pay sheets" in the end "as also of Medical History Sheets [See para 521 (*j*) XII] of every combatant in the Regiment.

Para 521.—Insert the following as sub-para "(*i*) XII" and alter the number of the present sub-para "(*j*) XII" to "(*j*) XIII."

Para XII.—The Medical History Sheets.—Will be kept in the form given in Appendix XI.

(*a*) All admissions to hospital and to the sick list in the case of treatment in quarters, any special treatment received out of Regimental Hospital, leave on Medical Certificate, Courts of enquiry, and issues of surgical appliances must be shown in the Medical History Sheet.

(*b*) In the case of death the Medical History Sheet will be completed with particulars of place and date and attached to the copy of the monthly return of sick sent direct to the Senior Surgeon with the Government of Mysore.

PART II.

Para 718.—For the present para substitute the following:—

Para 718. Sheet Roll Books Staff.—A Sheet roll in the form given in appendix XI will be kept by the Adjutant for all Staff Officers, Non-Commissioned Officers and followers not attached to Squadrons. For further particulars, see under Squadron books (para 7266).

Military, dated 21st February 1913.

Para 726.—Recast the present para as follows:—

Para 726 (b) Sheet Roll Books.—This book consists of a cover in which the sheet rolls are kept. They will be made out in the form given in Appendix XI. One is to be kept for each officer, Non-Commissioned Officer and soldier and will be filled up by the Squadron Commander. When an officer or soldier becomes non-effective and his accounts have been settled, his sheet roll should, in all cases where possible be handed over to him; otherwise it should be sent to the person named in the kindred roll as his heir. The sheet rolls of deserters should be retained. If a man is transferred to another Squadron his sheet roll is to be transferred with him. The following are the instructions for keeping sheet rolls:—

(i) Serious crimes for which imprisonment of any kind or fifteen days' confinement to the lines is awarded and convictions by Court Martial will be entered in red ink, minor crimes and punishments in black ink.

(ii) The result of the annual course of musketry will be entered in the column provided for the purpose.

(iii) The numbers and marks on the arms and accoutrements will be recorded. Any inquiry affecting the serviceability of any arms or accoutrements will be briefly noted in the remarks column.

Programme of requirements of the Geological Department received from the State Geologist and Secretary to Government, Geological Department, with his Note No. 70, dated the 7th September 1912.

No. C 7-C 9—2145-7, DATED, CAMP HOSURMATTI, 24TH FEBRUARY 1913.

ORDER THEREON.—Government are pleased to sanction the following items contained in the programme of requirements which are stated to be urgently needed:—

(1) Improvement of the bungalow occupied by the Inspector of Mines at the Kolar Gold Fields at a cost not exceeding Rs. 2,000, by extending the bed room on the north side and building an additional bath room.

(2) Construction of a new building for the office of the Inspectors and the Mining Assistant at a cost of about Rs. 5,000 so as to enable the Deputy Inspector of Mines to use the smaller bungalow entirely as his residence.

(3) Construction of a motor house capable of holding two motor cars at a cost of about Rs. 1,000.

2. Government also consider it desirable that arrangements should be made to publish a consolidated Geological map, as the survey of the greater portion of the State has now been completed, so that the results may be permanently recorded and made readily accessible. They are pleased to sanction the proposal to obtain blue prints of the Mysore Topo sheets from the Map Publication Department and prepare a map of the scale of 1 inch to a mile showing all the necessary Topographical and Geological features. The State Geologist is requested to send, for the information of Government, a programme of the mapping work to be done for the next five years, arranged in order of urgency or usefulness, and obtain the sanction of Government thereto. A sum of Rs. 5,000 will be annually provided in the budget for the preparation of the map for the next five years. A report should be furnished at the end of each year on the progress made in the preparation of the maps.

3. To enable the State Geologist to get a suitable Draughtsman, the pay of the temporary additional draughtsman, whose further retention for another two years has been sanctioned in Government Order No. 1610—Geol., dated the 10th March 1912, with effect from the 1st July 1912, will be raised to Rs. 55. The State Geologist is authorised to entertain an additional draughtsman temporarily for a period of one year on a salary of Rs. 20 per mensem. In consideration of the important nature of the work to be done by the first draughtsman and the satisfactory manner in which Mr. Joshi is reported to have been working, Government are pleased to raise his salary to Rs. 55—5—80.

4. Provision for all additional expenditure sanctioned in this order should be made in the budget estimates for 1913-14 and expenditure incurred with effect from the beginning of that year. If, for urgent reasons, any portion of the expenditure has to be incurred in the year, the State Geologist may suggest a reappropriation.

5. Government do not propose to sanction any further expenditure till they have carefully considered the programme of work submitted by the Geological Department.
